REMIGA, MAKOV, LYAKHOV, and GORBUNOV - Their capture and execution was announced by the Soviet press and radio in May 1953.

At Moscow Press Conference 6 February 1957 KUDRYATSEV, YAKUTA, KHMELNITSKY, AND NOVIKOV were present.

KUDRYATSEV and YAKUTA were played as clean until they were surfaced in the summer of 1954, at which time they announced that they had given themselves up.

NOVIKOV was captured immediately but signalled he was operating under control and we kept his circuit open until he was surfaced in November 1955 as a part of the Soviet return to the homeland campaign.

KHMELNITSKIY had been played by us as a probably controlled agent since his infiltration, and his last communication was received in November 1956. Our last communication to him was sent 30 December 1956. Thus he was surfaced at the Moscow press conference for the first time.

See EGPA 32604 - The November 1960 Progress Report for AEGIDEON.

which says REMIGA & GORBUNOV are still alive  
and MAKOV & LYAKHOV were living.
